- Item level expiration tracking
- Less inventory discarded

RxCloud Analytics powered by Datarithm.
Providing 24/7 cloud-based access.

ITEM LEVEL TRACKING + ITEM LEVEL FORECASTING Spend money on something other than inventory.

Get more. Do more.

// We introduced the RxSafe 1800 into one of our pharmacies two years ago. That store had a \$50,000 decrease, which totals \$80,000 in savings and our inventory turns have increased by 6+ turns per year.

Paw Paw Pharmacy, Jim Clark, Co-Owner

// Datarithm's reporting (Inventory List) ensures our order points are on the cheapest drug in a generic group.

PRMC Home Scripts, Evelyn Ogunubi, Pharmacy Technician
